

April 16, 2020

Greetings Pathways Families:

The staff of Pathways In Education would like to extend a humble thank you for your flexibility during this unprecedented time. It is our sincere hope that you and your family are well.

As Principal, it is vital that I maintain open lines of communication with students, parents, families, and stakeholders as it pertains to important school matters and changes. As many of you may be aware, Governor Doug Ducey, along with Superintendent Kathy Hoffman, announced on March 30th that all public schools within the state will remain closed for the remainder of the school year. Pathways staff is committed to continuing to provide the very best education possible for students regardless of the current situation. Although the Pathways In Education campus will remain physically closed for the remainder of the academic year, staff still continue to deliver curriculum and instruction through various modalities including Edmentum, student activity workbooks (SAWs), and Google Classroom.

Parents, we ask for your continued support with:

- Providing a quiet workspace for your child to complete coursework
- Engaging your child in conversation about what they are learning
- Regularly checking course progress and subject matter understanding
- Continuing to complete the attendance logs virtually at attendance.pathways.edu.org.
- Most importantly, hang in there! We will all get through this together!

Again, we thank each of you for your support during these challenging times. We will continue to keep you apprised of future changes and developments. In the meantime, please reach out to any Pathways staff member if you have questions or concerns about the distance learning extension or your child's progress.

Warmest regards,

Kris Alexander
Principal
Pathways In Education
