

May 28, 2020

Dear Pathways Families,

The school year is winding down. This is the first week of Learning Period 11 which marks the final learning period of the school year. We have less than a month before the end of the school year so let's finish the year strong! Please make sure that you complete all of your Edmentum and SGI coursework prior to the end of the year.

Beginning next week on June 1st, teachers will be contacting students on how to register for the new school year. Remember, we are a year-round school and will continue to serve students via distance learning during the months of June, July and August.

We are constantly monitoring guidance regarding COVID-19 from city, county, and state officials. Pathways staff is working on plans to resume student appointments in the fall with additional safety measures in place. We will keep you posted on all developments.

Thank you for your continued support and engagement during these challenging times. If the staff of Pathways can help support you and your child with other needs, please contact the school or your child's teacher. Again, we thank each of you for your support through trying times, and remember to remain positive and safe.

Warmest Regards,

Kris Alexander
Principal
Pathways In Education
