

May 15, 2020

Greetings Pathways Families:

We hope all is well with each of you as we continue to progress through the COVID-19 pandemic. As our economy begins to reopen here in Arizona and with new updates being published to us daily, we expect the transition to normal operations to be a gradual one. The Pathways family would like to commend each of you for your support. You've done an outstanding job ensuring students are continuing their education through distance learning.

While our centers remain closed during the pandemic, we want to reiterate that student learning has not ceased as teachers are still providing daily instruction for students. We are beginning to move into the summer months, and it is important for students to remain engaged with their learning.

We are currently drawing towards the end of Learning Period 10. Students should be checking in with their teachers twice a week and continuing to complete school work. Distance learning will continue through the remainder of the school year and possibly through the summer months. We are now able to enroll new students using online platforms. If you know someone who would like to enroll into Pathways, please contact Frances Olaguez at [francesolaguez@pathwaysedu.org](mailto:francesolaguez@pathwaysedu.org) or call the school at (602) 626-7057.

We will continue the process of open communication during the period of social distancing and distance learning. In an effort to maintain that communication, we are providing the following new updates and reminders:

- Our Summer SGI courses began on May 11th. They will conclude on July 31st.
- Learning Period 10 will wrap up next week on Thursday, May 21st. Please encourage your child to push to complete current work in order to earn as many instructional units as possible.
- Continue to complete the attendance logs digitally at [attendance.pathwaysedu.org](https://attendance.pathwaysedu.org).

If the staff of Pathways can help support you and your child with other needs, please contact the school or your child's teacher. We have established a protocol to return messages for assistance. Again, we thank each of you for your support through trying times, and remember to remain positive and safe.

Warmest Regards,

Kris Alexander  
Principal  
Pathways In Education
