

May 8, 2020

Greetings Pathways Families:

We want to begin by thanking each of you for your continued support and dedication to your child's education during this unprecedented time. Moreover, we hope you are remaining safe and keeping your families healthy around our communities as we enter a new normal with parts of the economy reopening next week.

With that said, we must continue to adhere to all directives provided and remain positive and support one another as needed. While our centers remain closed during the pandemic, student learning has not ceased as teachers are still providing daily instruction for students. We will continue the process of open communication during the period of social distancing and distance learning. In an effort to maintain that communication, we are providing the following new updates:

- The spring SGI session wrapped up last week. Summer SGI classes will begin next week on Monday, May 11th. Teachers have sent login codes to all students enrolled in SGI courses for the summer so they can access class materials within their Google classrooms.
- Learning Period 9 came to an end almost two weeks ago. We made a lot of great progress! We saw many students engaged and completing units of study. We were pleased to see their hard work and dedication during this challenging time!

Finally, we ask for your continued support through the following:

- Provide a quiet workspace for your child to complete homework
- Inquire about what your child is learning
- Help check progress and understanding
- Continue to complete the attendance logs digitally at [attendance.pathwaysedu.org](https://attendance.pathwaysedu.org).
- Most importantly, try to stay positive. We know it's challenging at times, but we're all in this together!

If the staff of Pathways can help support you and your child with other needs, please contact the school or your child's teacher. We have established a protocol to return messages for assistance. Again, we thank each of you for your support through trying times, and hope you're able to remain safe and productive.

Warmest Regards,

Kris Alexander  
Principal
