January 3, 2023

Dear Parents, Students, and Community Members,

Pathways In Education- AZ has received notification from the Arizona Department of Education (ADE) that our school received the letter grade F on the ADE school report card. Pathways is required to provide written notice of this classification to all parents/guardians and students. In addition, we invite all to attend a meeting at the school to answer any questions about the designation and our improvement plan. This public meeting will be held at the school on January 12, 2023 at 3 pm.

In addition to this parent meeting, we will also have a formal board meeting in February, the date is TBD and will be posted on our website as well as sent in another letter via school messenger. The board will consider the academic performance of the school and the improvement plan.

Pathways In Education has received this letter grade because the school has demonstrated a failing level of performance in the following categories: graduation rate, ACT proficiency and percentage of testers, academic growth, and college and career readiness. We plan to address each category throughout the remainder of this year and years to come. We know that we have a proven successful school model and will work tirelessly to ensure that we improve outcomes for our students.

Sincerely,

Principal Yvonne Weaver-Hafner and Pathways in Education Staff
